## FROM A SPARK TO LIGHT...

Navi Mumbai's only agency that can cater to all your outdoor advertising needs in the most innovative way lighting up your world through LED, neon lit signage all over and around Navi Mumbai. The quality conscious manufacturers take great care in packaging the creative at every step of manufacturing.

LED SIGN TEC, established in 2005, has its strong foundation in the field of Fabrication since the last 35 years. Branching off from the parent fabrication company.

Exposed to Fabrication right since their younger days, In a short span, just like a light house amidst the seapaves the way and the acts as a guide for all at sea on dark, starry nights, LED SIGN TECH has made a mark as the only agency in Navi Mumbai that delivers quality on time.

## The Light House...

The LED signs manufactured and created by LED SIGN TEC Inhouse at Vashi serve as landmarks all

Navi Mumbai and its surroundings. Handling right from the basic structure to wiring the letters and fittings with LED lights is undertaken by LED SIGN TEC.

The entire manufacturing process right from layout / Laser Cutting or Router Cutting and designs to fabrication, from painting to PU coating, from LED designing to manufacturing right through till installation, LED SIGN TEC stands firm and solid through all times.

LED SIGN TEC also undertake the Laser & Router Cutting jobs. As it is well equipped with Laser Machines. Router Machines & Plasma Machines. These machines undertake Wooden, MDF, ACP, Steel, G.I., Mettal, Acrylic Cutting and Itching Jobs.

We had updated our technology from Neon to LED Lights. As the LED had lot of Benefits like :

- |                          |                                     |
|--------------------------|-------------------------------------|
| 1. Long Life             | 7. Design Flexibility               |
| 2. Energy Efficiency     | 8. Operational in Extremely Cold or |
| 3. Ecologically Friendly | Hot Temperatures                    |
| 4. Durable Quality       | 9. Light Dispersement               |
| 5. Zero UV Emissions     | 10. Carbon Credits                  |
| 6. Green Energy          | 11. Low-Voltage                     |

## OUR STARS IN THE GALAXY OF LEDST...

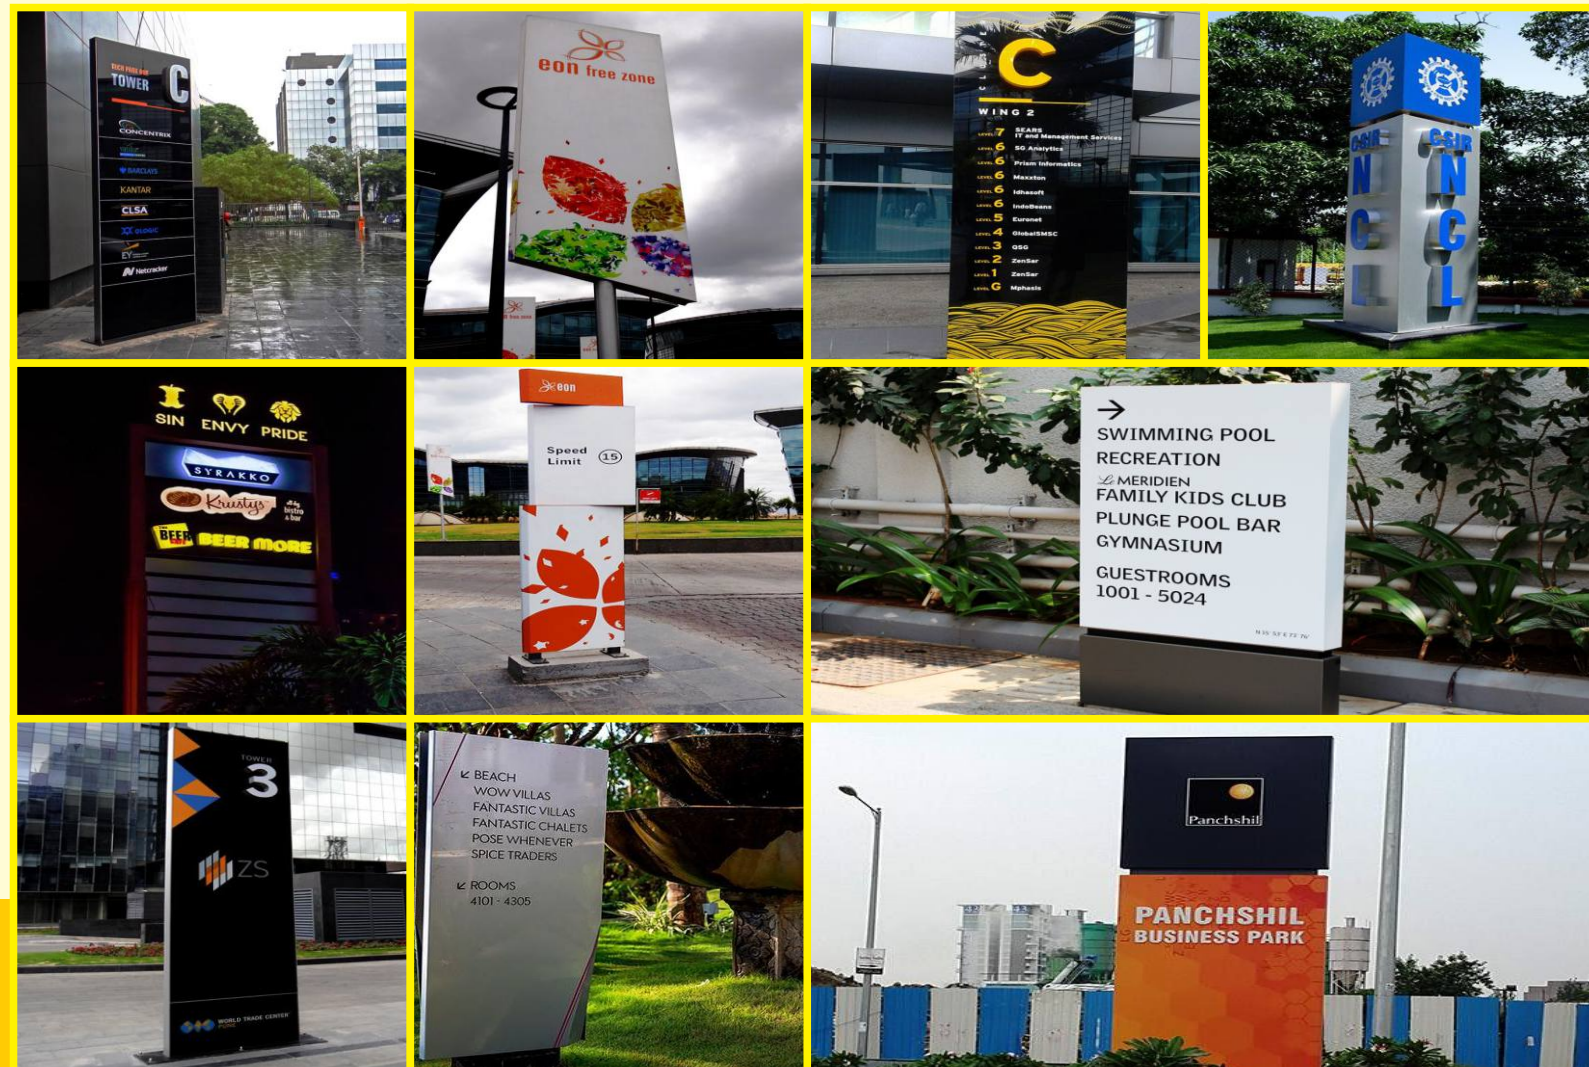

many more to come...

We also cater to

**Educational Institutes, Builders & Developers,  
Corporate, Hospitals, Malls, Hotels & many more...**

are the shining stars in our world of light. Our biggest star to date stands at 75 x 100 feet in Pune. Quality that suits your pockets and adds value to your name is what gives LED Sign Tec that extra edge. The finishing and quality that gives our stars the shine is delivered on time, which again gives LED Sign Tec the advantage of being Numero Uno.
